Purpose and aims of statutory measure and the relation thereof to objectives of the Act

2. The purpose and aims of the statutory measure is to compel the parties set out herein to register with the Southern African Macadamia Growers' Association (SAMAC). Registration is necessary to assist the South African macadamia nut industry in ensuring that continuous, timeous and accurate information relating to the industry is available to all role players. Such information is deemed essential for all role players in order for them to make informed decisions. By combining compulsory registration with the keeping of information and the rendering of returns on an individual basis, generic information for the whole industry can be processed and disseminated and will form the basis for the collection of levies where applicable and appropriate.

The establishment of the measure would assist in promoting the efficiency of the production and marketing of macadamias. The viability of the macadamia industry will thus be enhanced. The measure will not be detrimental to the number of employment opportunities and fair labour practice.

The measure, as set out in this Schedule will be implemented and administered by SAMAC.
