

## **Bulletin 7 - 18 August 2017**

To all SAMAC members:

### **DIRECTOR NOMINATIONS**

In the last Bulletin we asked for nominations for the four director positions within SAMAC and outlined how the nomination and voting process will work. We had hoped to have the nominations this week and to be able to post them on the SAMAC website today. However, we will hold off on that for a few days.

To date the following nominations have been made:

<b>Chairperson</b>	<b>Ian Williams</b>
<b>Director: Research &amp; Development</b>	<b>Ian Williams</b>
<b>Director: Commercial</b>	<b>Fritz Ahrens</b>
<b>Director: Member Services &amp; Technical</b>	<b>-</b>

Please note that ideally we would like to have at least one candidate from each province for each of the positions, but that is obviously up to members to decide.

We hear another few nominations are in the pipeline and look forward to receiving them. Please submit all nominations as soon as possible to give members as much time as possible to consider the candidates before the AGM/SGMs.

### **NOTICES OF AGM & SGMs**

Just a reminder that you should by now have had the notice formally

announcing the dates, venues and motions to be presented at the forthcoming AGM and SGMs. If not they should also be posted on the website by Monday.

I urge as as many people as possible to attend the research symposium, AGM and gala dinner in KZN on the 6th of September, but please remember you will also be able to vote in Levubu (7th September) and Nelspruit (8th September). If none of those options are possible you will also be able to appoint a proxy as outlined in the notice.

***Please use your vote to guide the future of our industry.***

Regards,

Peter Spangenberg
